BENTLEY

PRESENTING  
YOUR BENTLEY  
BENTAYGA HYBRID

YOUR PAINT

## Dark Sapphire

Dark Sapphire, a deep greyish blue, was launched on the Continental GT in 2003.

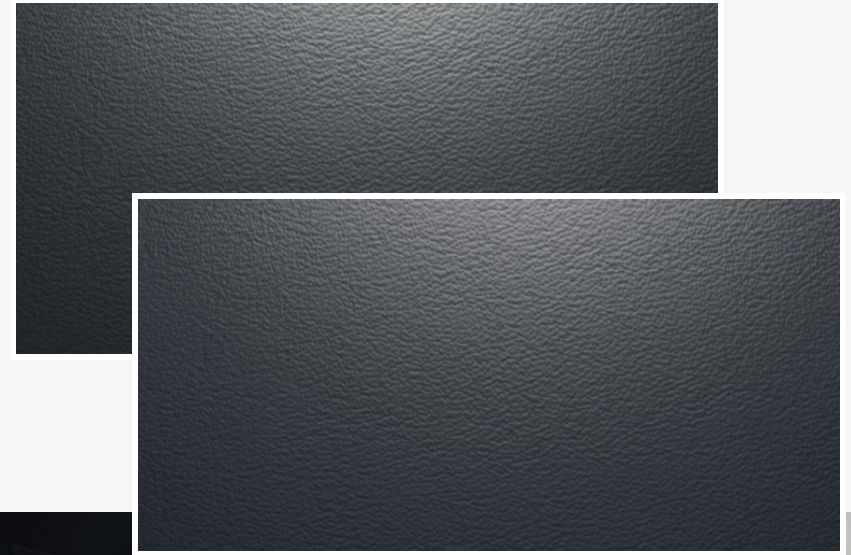

YOUR HIDE

## Imperial Blue and Brunel split

Hand-picked from herds that graze high above sea level in Northern Europe, all leather hides used to upholster the Bentayga are naturally free of the insect bites that could otherwise leave blemishes in the leather.

## YOUR VENEER

### Dark Fiddleback Eucalyptus

Contemporary straight grained veneer that gives a modern appearance to the cabin. Dark Fiddleback Eucalyptus takes its name from the origin of the craftsmanship of string instruments.

## YOUR WHEELS

### 22" Five Spoke Directional Alloy Wheel - Painted

The largest wheels ever made available on a production Bentley, these wheels are machined from a high-strength aluminium forging for optimum strength and lightness. The wheels are handed, ensuring the spokes always face the same direction on both sides of the car.
