PRESENTING

**YOUR BENTLEY  
BENTAYGA HYBRID**

## Anthracite

---

With an extremely high lustre over its dark grey finish, Anthracite has proven to be an extremely popular choice since its introduction on the Bentley Arnage in 2004.

## YOUR INTERIOR

### Interior Colour Split - C in Linen and Beluga

Hand-picked from herds that graze high above sea level in Northern Europe, all leather hides used to upholster the Bentayga are naturally free of the insect bites that could otherwise leave blemishes in the leather.

## YOUR VENEER

### Carbon Fibre Fascia, Centre Console and Door Waistrails

High-gloss carbon fibre replaces the veneer panels to add a contemporary, technical and sporty feel to the interior. An optic resin process enhances the 3D appearance of the carbon fibre weave. Also available on picnic tables and centre fascia panel as additional cost options.
